Reply to After Final Office Action dated February 9, 2006

Docket No.: 1110-0307P

**AMENDMENTS TO THE CLAIMS**

1. (Withdrawn) A method of treating an ischemia, an ischemic reperfusion injury or a disease based thereon which comprises administering an effective amount of a Fas antagonist to a patient in need thereof.

2. (Withdrawn) The method of claim 1 wherein said Fas antagonist has an activity of inhibiting apoptosis mediated by Fas.

3. (Withdrawn) The method of claim 1 wherein said ischemia, ischemic reperfusion injury or a disease based thereon is an ischemic heart disease, a heart ischemic reperfusion injury or a disease based thereon.

4. (Withdrawn) The method of claim 3 wherein said ischemic heart disease or a disease based thereon is myocardial infarction heart failure, myocarditis or cardiomyopathy.

5. (Withdrawn) The method of claim 1 wherein said ischemia, ischemic reperfusion injury or a disease based thereon is a renal ischemia, a renal ischemic reperfusion injury, or a disease based thereon.

6. (Withdrawn) The method of claim 5 wherein said renal ischemia, renal ischemic reperfusion injury, or a disease based thereon is a renal failure, or an acute renal failure.
